Customer Reviews

For everyone looking for the book Battle Royal that is similar to the Hunger Games, that book is a Japanese novel written by Koushun Takami.

This purchase was made thinking I wanted Battle Royale, not a written review. It was not clear in the store that this was not the actual story, but only a review about another story. Very disappointing but rare for a purchase on .

Beware of this buy for \$3.00 u get a 5 page description of a book !!Total ripoff!! am trying 2 get my money back for this screw-up!

I thought this was Ellison's short, with a preface by Wheeler. It's just Wheeler's essay, useless for class. It should have a short description to make that clear. Lame.

This is just a review of the book
