Customer Reviews

This graphic novel written in Spanish is terrific for my Spanish 2 classes. They love the illustrations and the graphic style of this book really turns my kids on and helps them make good guesses at the vocabulary when they are struggling. They are familiar with the story so they can feel good about their translations and their ability to read in the target language. I would recommend this piece to anyone wanting to learn to read Spanish or for use in the Spanish classroom at the high school level. It creates great excitement and interest. I didn't receive this book at a discount to write this review, and these opinions are my own.

Great
