When A Child Is Born, So Is A Grandmother (Main Street Editions Gift Books)

Synopsis

The warmth and whimsy of Mary Engelbreit's work is even better when shared with a friend--*When a Child Is Born, So Is a Grandmother* is the perfect way to spread the joy. *When a Child Is Born, So Is a Grandmother* makes the perfect gift for the new grandmother or grandma-to-be. Illustrated by the one-and-only Mary Engelbreit and authored by Jan Girando, this book speaks to the very essence of the close bond that grandmothers will forever share with their precious grandchildren. Let Mom and Dad handle the discipline and the scolding and leave grandma to do the cuddling and the holding. One of the most popular pieces of art from America's favorite illustrator is her "When a Child is Born, So Is a Grandmother" image. Featuring that well-known drawing as its centerpiece, this book illustrates the joy and excitement every grandmother feels when their precious grandchild arrives into the world.

This book is a perfect gift for anyone you know that is going to be a grandmother or is already a grandmother. If you are invited to a baby shower, take along this extra little book for the mother of the mother-to-be. She will LOVE it!!!

I bought this book as gifts for my mother and mother-in-law and couldn't have been happier with it. It is full of colorful, vibrant pictures and the words truly capture what a Grandmother is all about. Any

Grandma would love this book!

I thought this was a very cute idea. And my mother in law seemed to really enjoy it. However I was slightly annoyed by how small the book was. It's definitely not the best size for a gift. Very cute though!

This is a gift for a friend who just found out she is going to be a grandma. I love it. The pictures are endearing and a positive encouragement during this exciting time. I'm happy to give this as a thoughtful gift.

I bought this book because I was becoming a grandmother for the first time and very excited about it. It is a cute little book with cute little sayings in it. My husband bought me a Mary Engelbreit calendar for this year and ever since I received that, I have just loved her artwork and wonderful quotes and sayings.

I bought this for my cousin who is having her very first grandchild. I loved it, the graphics and the quotes are just adorable. It is nice to have this in additional copies for wishing a new grandmother well waiting for the arrival of grandkids. It was a small book but still well done. Another addition to our family's Mary Engelbreit book collection. Her work appeals to grown ups as well as children.

It is a very cute, delightful book to give as a gift to a new Grandmother. I received a cup & saucer with the same inscription by Mary Engelbreit but I was unable to locate one. I loved the book, but I would have preferred the cup & saucer.

I thought there would be some kind of cutesy story in this book or at least catchy quotes, but I found neither. The book is really small and you'll be done with it in about 5 minutes at most. Seriously not worth the \$[...] bucks I spent. If you plan on letting someone know that they are about to become a nana then, yeah, I suppose this would be fine. Other than that please save your money and buy something with an imagination.
