# Republics Of Letters: Literary Communities In Australia

## Synopsis

Republics of letters: literary communities in Australia is the first book to explore the notion of literary community or literary sociability in relation to Australian literature. It brings together twenty-four scholars from a range of disciplines - literature, history, cultural and women's studies, creative writing and digital humanities - to address some of the key questions about Australian literary communities: how they form, how they change and develop, and how they operate within wider social and cultural contexts, both within Australia and internationally.
